FROM THE SUPERINTENDENT

Wishing everyone a wonderful holiday season from the maintenance department.

We hope everyone had a great 2023 season as we are already looking forward to next season.

As many of you have seen or heard we have started a renovation to all of the bunkers on the golf course. At this point the construction crew from Golf Shape has cleaned out all of the old sand from the bunkers and restored them to their original shape. At this moment they are beginning to remove the existing drainage and replace it with new, this will help tremendously when experiencing heavy rainfall.

Once they have completed the drainage the crew will begin to move new sand into the bunkers. We decided to use the same sand as the couple bunkers that were renovated this past summer. We are also having some drainage work done on a few of the approaches on the course, which will help in the playability of these areas. We are looking forward to showcasing the new and improved bunkers and drainage areas for everyone next season and will continue to update everyone on the progress. Look forward to seeing everyone come 2024.
